Hickory Stick

Dedication

We, the members of the Senior Class of 1951, dedicate this edition of our school annual, The Hickory Stick, to Miss Mary Elizabeth Mills, our Senior Class Advisor. It is our purpose to show deep appreciation to her for the many ways she has helped us on this our last mile of the journey through school. Class History

In the fall of 1939, 22 eager children started up the stairway of education. Standing on the first step to welcome us was Miss Matt Exum who is now Mrs. L. N. James. She was an excellent one to introduce us to the educational field because she was patient and very understanding. On the second step we were guided by two teachers. During the first half of this year Mrs. Burroughs was our teacher. However, at Christmas we were greeted by a new teacher Miss Byrd. We were gradually advancing the stairway of learning. Miss Margaret Elliot was the helper we found on the 3rd step. Miss Mayo, who is now Mrs. William Andrews, waited on the 4th step for us, and this year proved to be very profitable for us. On the 5th step we found Mrs. Cary Hammond standing. Mrs. Hammond seemed to be very eager to help us to find our way to the 6th step. We found Miss Bass, who is now Mrs. Ronald Riddick, there. She was willing to help us in any way she possibly could. As we planned to leave the Grammar School Building, we looked down the stairway we had climbed and thought of the numerous happenings and the many enriching experiences we had had.

Going to the High School Building was quite an experience for us. The 7th step was the starting of our sojourn at the High School Building. Mrs. Connie Whitehurst was to be our 7th grade guide. She was anxious to help us in learning the new routine of the High School life. On the eighth step we had two helpers. During the first half of the year we had Mrs. James Foster. At Christmas she left us to join her husband in California. Taking her place was Mr. Malcolm McWhorter. He was our final guide in grammar school.

Starting us in the 9th grade and the very important first step of high school was Mrs. Tommy Tucker. We were an eager group for we had actually started to grow up; although for a long time we had already had the impression that we were almost grown. We were lucky to have Miss Nora Lee Hinnant on the 10th step as home room teacher. On the 11th step things really began to happen. We learned very vividly what extra-curricular activities meant. Having Mrs. W. C. Latham as our home room teacher we had a very exciting year.

We worked hard and long to give a Junior-Senior banquet which we shall never forget. To us it was the best ever given. The year was filled with many busy projects; giving a junior play was hard work but it proved to be fun and great experience. Selling Christmas cards was also exciting. I think our year's work was worth the trouble. Here we are on the 12th and final step of High School. Standing by to guide us and help us climb upward is Miss Mary E. Mills. The two big events of this year are the annual and graduation. Having such a wonderful book to bring back our old and wonderful memories is something to be proud of. Miss Mills is helping us with all the touching-up jobs. Our school history would not have been complete without Miss Mills. She is as understanding as one could be.

Other helping hands along our way have been our principal, Mr. Walter Latham and the following teachers: Mrs. Sam DeWar, Mr. Sam DeWar, Mr. Alton Gray, and Mrs. Jesse Lamm. All of the above mentioned have given us good instruction and much valuable advice.

Our stairway seems to be endless. We plan to continue going up the stairway of education. In various occupations and services, we hope to move upward and onward until life's end.

Ended Are Our School Days

Ended are our school days.
Now the time has come
For us to depart, dear friends,
Even though we feel we've just begun.

Our goal in high school has been reached
For which twelve years we have striven.
We smile, yet we hate to leave behind
Our many friends and teachers so kind.

May we each have learned a lesson
That through life we'll never forget.
That in order for life to be worth-while,
We must give our best each and every mile.

To our teachers who have so patiently
helped us
Through the many conquests we've had to face,
We owe a debt of deepest gratitude
For no one else could have taken your place.

To you who are now rising up in our places,
Take care and do not tarnish the name,
Of our dear Bethel High School
But be sure to add to its lasting fame.

Farewell, dear school and faculty.
The time is nearing for us to go.
The name of Bethel High School
We'll always cherish
Because we'll always love you so.

Class Prophecy

In the five years that I have been married, I have made it my hobby to keep up with my classmates back in the class of 1951. My scrapbook of clippings about them is big and fat now, for that was quite a class and full of people who have become famous in the ten years since our graduation.

Beth Briley, now married and living here in the same town as I, dropped by to see me the other day and was telling me about how well Dalton Whitehurst is doing since he has taken over his father's business. Beth said she had just seen Doris Whichard down at the bus station. She was on her way back to Washington, D. C. Doris is now the supervisor of the largest Kindergarten School in Washington.

Every evening I look forward to receiving The Daily Reflector, which is now edited by Gene Anderson. He often supplies me with the articles about my former classmates to add to my ever-growing collection. In last week's paper I saw where Sue Bland, now a laboratory technician in a big hospital in Chicago, will be home on her vacation next week. Also there was an article in the paper about Joe Whitehurst, who is a Lieutenant in our armed forces, coming home for a couple of weeks.

Now, in the bridal section there was a large write-up and a picture of our former Inez Manning. Inez was married last week in the chapel of the First Baptist Church in Charlotte. Rev. Carroll Alexander presided over the wedding. He is now pastor of that church.

The next page in my scrapbook is full of magazine clippings from the State Magazine. Yes, we have quite a few who have made the headlines in the State. Working in our capital building is Bertie Lee Chapman, secretary to Governor John Nelson. And down the hall a ways is the office of Senator J. H. Whitehurst.

Also in Raleigh are Margaret Briley and Katherine Mobley, nurses at Rex Hospital. I received a letter from Katherine the other day and she said that Toddy Smith was there for a rest before she has her next piano concert at Carnegie Hall. She also told me that Billy Rollins was an interne there and that he would get his degree in a couple of months. We all thought, back in High School, that Billy would be our only farmer, but it looks as if we were all fooled.

I have one page in my book devoted to Fred Keel, who is

now playing on the All American Basketball team, and the victories his team has won.

That was a grand group of boys and girls in the class of 1951. I feel sure that as the years go by my scrapbook will become much, much larger than it already is.

Boys' Varsity

Well, we're off again. Nine straight victories without any losses this season. The wise guys say that the Bethel boys are already a "shoo-in" for the county tournament and should go far in the state eliminations. What do I think? It is too early in the season to know. We have not met any of our mortal enemies thus far. Judging from the games played we seem to have as good or better team this year than ever before. It is true we do not have the height we had in 1948 and 1949 but the first five boys can outshoot any high school teams I have seen. We do not have as much reserve strength as a team needs to have a really great season but as long as the boys have the determination to hustle and play winning ball we shall try to live up to the name that Bethel has acquired in Basketball throughout North Carolina.

There are three seniors on the basketball team; John Nelson, our high scoring center, called a "natural" by former college basketball players. His work under the basket with his twist and fakes followed by a high percentage of "hits" is outstanding. (2) Fred Keel the other tall boy who plays regular left forward is a "honey". His speed is very deceptive. He never appears fast, doesn't look like he can jump, but the great part is that he always gets there, taps the ball on the jumps, and does his part of the accurate shooting on the side and close in. Fred is a good rebound man. The other senior is Gene Autry Anderson. He is not quite as accurate as the movie cowboy Autry when shooting, but he gets hot streaks and looked like a flash in the Stokes game. We are depending on Gene to bolster the first line of the forward wall when he is needed.

We have five juniors on the first ten men on the varsity. They are Bobby Gene Manning, Earl Johnson, Vance White, Lindsay Whitehurst, and Eugene McLawhon. Of course everyone knows Bobby Gene will pour them in if you leave him open. He has been handicapped by height but is taller this year. He is a ball hawk both on defense and offense and the right forward position doesn't go lacking when he is around. His best maneuver is his fast drive and "stop on a dime" shot. He's very accurate on four shooting. Earl Johnson has provided us with more real defensive help than anyone since the time of the original "Red Head" Earl. Earl Johnson really fights for the ball at all times and he usually comes out with it no matter if he has to pay with some of the skin off his knees. He has learned there are two ends to the court and has started "popping" them from most anywhere. Vance White is a "comer". He is up from the Jr. Varsity of last year and if he can keep from making personals, he will do us a great deal of good this year. He is also a scrapper and takes his games seriously. Vance has the determination that it takes to make a great ball player. Lindsay is not a bad ball player. He is still not grown and can move. He is a good guard but does not capitalize on his scoring opportunities. He is good insurance to have around on the defensive end. Eugene McLawhon is the English finger artist who can knock the piano or put the right on the basketball. He and Lindsay will both see plenty of action this year as well as the year coming up. Both have excellent competitive dispositions and are not mean about waiting for their time. It is a pleasure to have such nice fellows around.

Jule Pollard and David Jacobs are the sophomores on the team and round out the squad of ten men. Jule is a graduate of the Mishemowka Camp for ambitious basketball players. While there, he was under the watchful eye of the famous Bubas. Jacobs came to us this year and has never competed in basketball before. As one observer says, he will make a player if we can oil his joints. He showed promise in the Eliz. City Jr. Varsity games and has since been promoted to the varsity.

Our Junior Varsity deserves some mention; they are working hard to be able to fill the vacancies which will come up next year. They are: Forwards, Robert Nelson, Dalton Council, Edward Briley, Bradley Gray. Centers, William Whitehurst, Larry Tetterton, and Guards, Fred Pollard, B. B. Tetterton, Albert Whichard, and Bill Latham.
